Hollywood comes to Maine!
Script, shoot, edit, produce.

Culinary Arts

Cooking
Baking

Campers who attend a two or four-week session will have the option of signing up for the one-week specialty camp at the end. During this week, campers will have the opportunity to focus on two activities, taking one for 2 ½ hours every morning, and another for 2 ½ hours every afternoon. On a daily basis, they'll be able to choose from various active electives to end each afternoon on the lighter side.
